

ENGLISH LANGUAGE REQUIREMENTS FOR APPLICANTS/STUDENTS

The Michener Institute of Applied Health Sciences specializes in training practitioners for the health care field. The content of lectures, course materials and daily interaction is high in science content, and the ability to communicate, read, and write in the English language is necessary to ensure students are adequately prepared to successfully complete their programs of study.

In addition to meeting the general admission requirements for programs, it may be necessary for applicants to provide proof of English language ability.

If proof of English language ability is required, the assessment should take place as early as possible. The test results can take up to six weeks to be returned to us, and a candidate cannot be offered a firm offer, nor start a program, if this criterion is still outstanding.

DO YOU REQUIRE ENGLISH LANGUAGE ASSESSMENT

If your first language is English and the country, in which your total education took place, is Canada or is listed in the table below, you are not required to present proof of English language assessment. Rather, you must include ENG4U/Grade 12-University Prep English /anglais with your transcript as part of your admission documentation.

Proof of attendance at one of these post-secondary education facilities must be provided along with your transcripts as part of the admission documentation. A list of countries that are recognized as dominant English language speaking countries by The Michener Institute is included in this information sheet.
