

System Requirements for Blackboard Learn 9.1

Browser Requirements:

Blackboard can be accessed through any computer equipped with a java-enabled browser and a connection to the Internet*. Blackboard.com has tested the following browsers:

Browsers for Windows 2000/XP/Vista/7:

Certified Browsers (fully tested & supported)	Compatible Browsers (key application areas tested)
<p>Microsoft Internet Explorer 8.0 or better</p> <p>Mozilla Firefox 4.0 or better http://www.mozilla.com</p>	<p>Google Chrome 10 or better www.google.com/chrome</p>

Browsers for Mac OS:

Certified Browsers (fully tested & supported)	Compatible Browsers (key application areas tested)
<p>Mozilla Firefox 4 or better http://www.mozilla.com</p> <p>Apple Safari 4 or better http://www.apple.com/ca/macosx/features/safari.html</p>	<p>Google Chrome 10 or better www.google.com/chrome</p>

Browsers for Linux:

<p>Mozilla Firefox 4 or better http://www.mozilla.com</p> <p>Galeon http://galeon.sourceforge.net</p>	<p>Konqueror http://www.kde.org</p>
<p>Note: Blackboard.com has not tested browsers on the Linux OS nor does it support the Linux OS.</p>	

* A high speed connection is required for Blackboard Learn 9.1.

Java Runtime Environment:

Java is required for Blackboard Learn 9.1 and can be downloaded from Java.com at <http://www.java.com/en/>. Users of Apple's Mac OS10.x can ensure they have the latest version of Java for OSX by running Apple Update.

Acceptable Document File Types:

The following document file types are considered acceptable for use in Blackboard and for submitting assignment work to your instructors:

Microsoft Word: .doc, .docx; **Microsoft Excel:** .xls, .xlsx; **Microsoft PowerPoint:** .ppt, .pptx
Rich Text Format: .rtf; **Adobe Acrobat:** .pdf; **Image formats:** .jpg, .jpeg., .gif, .png
