

# strategic objectives 2011

## VISION

Michener's Office for Clinical Education will be reknowned for quality, innovation and commitment to relationships in clinical education.

## MISSION

Michener's Office for Clinical Education provides access to best clinical experiences and education for Michener students by establishing and maintaining strong relationships with clinical partners that support and model best practices in clinical education.

## VALUES

The Office for Clinical Education provides **Best Experience, Best Education** by:

- Striving to maintain Excellence to ensure students have access to clinical sites that provide exemplary clinical experience
- Providing Leadership with all stakeholders in order to ensure innovative and enriching clinical experiences for Michener students
- Creating Opportunities for the professional development of clinical partners that support excellent clinical education
- Fostering respectful relations through ongoing dialogue and collaboration with all stakeholders by ensuring open communication, transparency, and fairness

## STRATEGIC OBJECTIVES

Promote exceptional professional development opportunities for clinical partners

Cultivate innovative approaches & improve efficiencies for clinical education

Utilize an evidence informed quality framework for clinical education processes

Develop & maintain strong working relationships with clinical sites

Share knowledge capacity with our clinical community
